CONFERENCE OVERVIEW

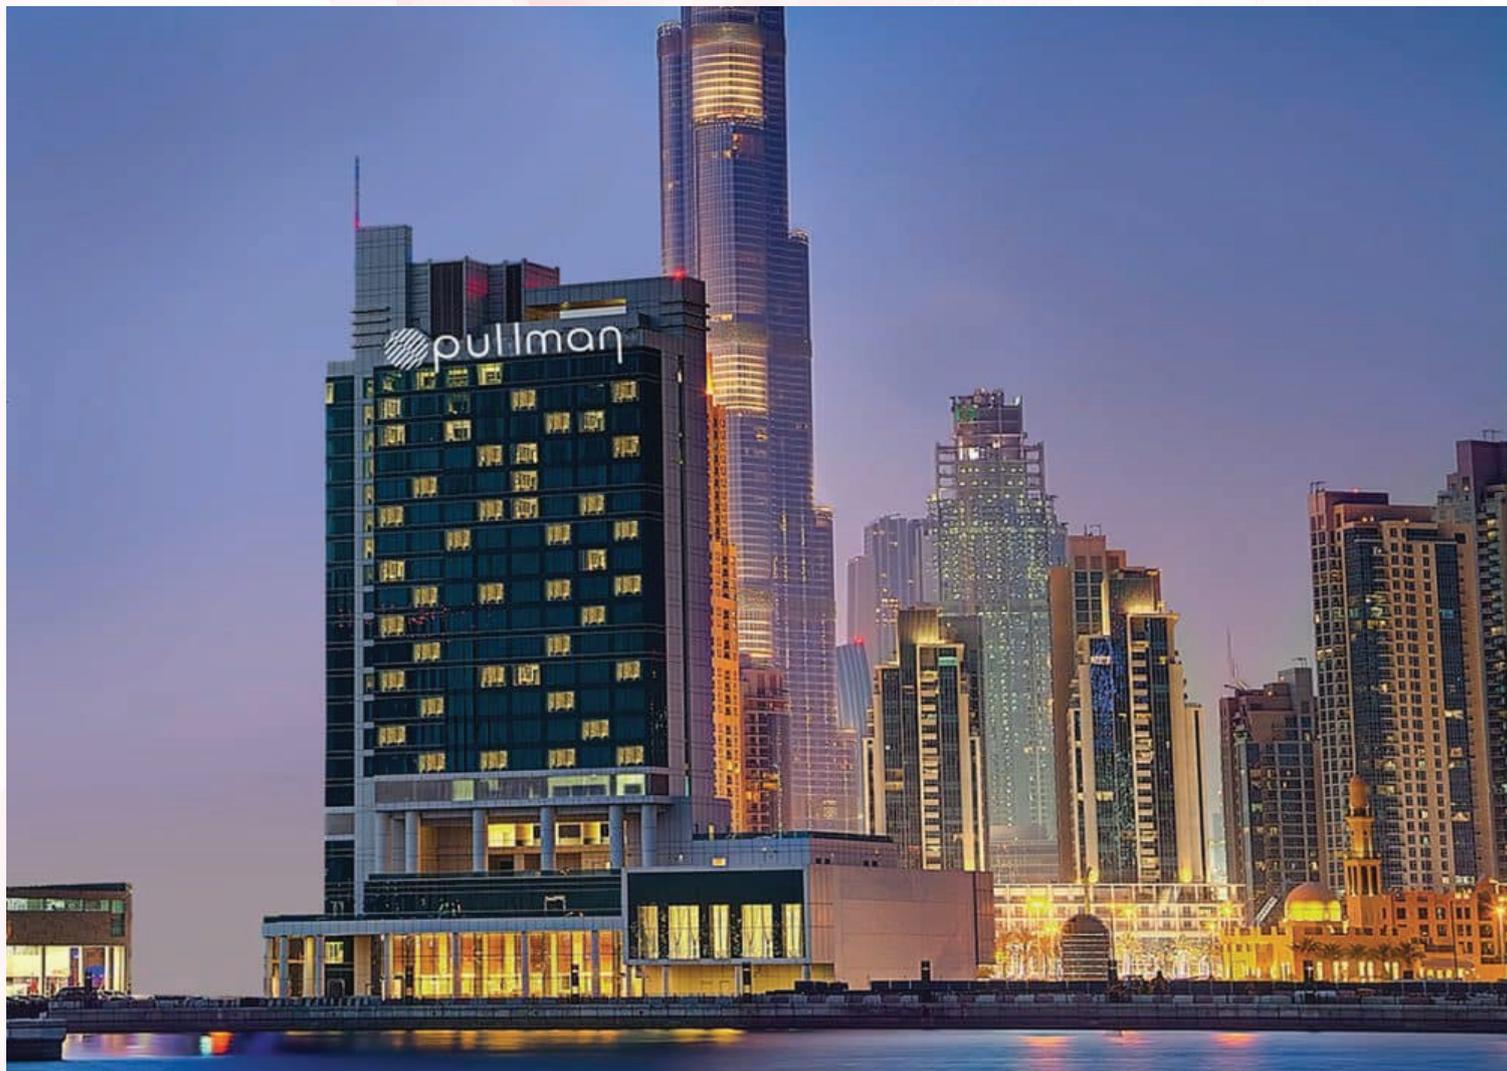

The **Breast Imaging 1st Annual Meeting** in Dubai held on **25 October 2025** at the Pullman Downtown Dubai, served as a significant regional meeting dedicated to advancing the field of breast imaging and early breast cancer detection. Bringing together radiologists, breast-imaging specialists, surgeons, oncologists, pathologists, technologists and trainees from across the region, this one-day conference focused on both current best practices and emerging innovations shaping the future of breast cancer screening. The scientific program featured expert lectures, panel discussions, clinical case reviews and engaging knowledge-exchange sessions that highlighted advancements in the field. Complementing the main program, a hands-on workshop provided participants with practical exposure to specialized imaging techniques and interpretation skills.

The event also hosted a dedicated industry exhibition where leading companies showcased state-of-the-art imaging technologies and solutions, promoting meaningful interactions between clinicians and industry partners. Overall, the meeting successfully fostered multidisciplinary collaboration, enhanced professional development, and established a strong foundation for future annual gatherings committed to improve breast imaging professionals in the region up to date with the latest advances, technologies and best practices in breast imaging, ensuring continuous professional development and high-quality patient care.

CONFERENCE VENUE & ACCOMMODATION

The conference was held at the Pullman Downtown Dubai, UAE, in the Canal Ballroom while the workshop was held in Marasi meeting room and accommodation was offered.

OPENING CEREMONY

The Opening Ceremony of the Breast Imaging 1st Annual Meeting in Dubai took place on **25 October 2025**, which marked the start of the one-day conference. The ceremony provided a brief yet meaningful introduction to the event and set the tone for the day's academic program.

The proceedings opened with a short video created specifically for the conference, which highlighted its objectives, key themes, and the importance of advancing breast imaging practices in the region. This customized video effectively engaged attendees and framed the significance of the inaugural meeting.

Following the video, Conference Chair **Dr. Nehad Kazim Al Bastaki** delivered the opening address. She welcomed participants and emphasized the importance of hosting the first annual gathering dedicated to breast imaging in Dubai. Dr. Nehad underscored the meeting's role in promoting professional development, fostering collaboration among experts, and supporting the adoption of advanced imaging practices. She also noted that the launch of this meeting represented a significant milestone for the region, reinforcing a shared commitment to elevating clinical standards and improving patient outcomes.

Dr. Nehad then invited **Dr. Taleb Almansoori**, President of the Radiological Society of Emirates (RSE), to address the audience. In his remarks, Dr. Taleb outlined the society's dedication to continuous learning and innovation within the radiology community. He highlighted the value of educational forums in enhancing professional competencies, encouraging knowledge exchange, and integrating new technologies into clinical practice. He further emphasized the importance of collaboration in advancing radiology standards across the region.

Following Dr. Taleb's address, **Dr. Abdullah Alremaithi, Dr. Usama Al Bastaki, Dr. Taleb Almansoori and Dr. Rashid Al Shahrani** - members of the RSE Committee were invited on stage and were presented with awards by **Dr. Nehad Albastaki, Conference Chair** along with **Dr. Alia Al Sayegh, Conference Co-Chair**. The awards recognized their significant contributions to the radiology community and their efforts to advance breast imaging in the region.

The conference was also honored by the presence of distinguished UAE dignitaries, including **Dr. Omar Mohamed Al Marzouqi**, Executive Director of Dubai Hospital, Dubai Health and **Prof. Humaid Al Shamsi**, President of the Emirates Oncology Society.

The ceremony concluded with a ribbon-cutting, which officially inaugurated the exhibition and marked the formal launch of the **Breast Imaging 1st Annual Meeting in Dubai**. This symbolic opening underscored the collaborative efforts behind organizing the conference and signified the beginning of the day's scientific sessions.

SUPPORTERS & PARTNERS

The Conference was also endorsed by the following societies:

ACCREDITATION

The **Breast Imaging 1st Annual Meeting** was accredited with **5 CPD Credit Points** from the Dubai Health Authority.

CONFERENCE GOALS AND OBJECTIVES

The **Breast Imaging 1st Annual Meeting** in Dubai aimed to advance knowledge, promote best practices, and foster collaboration in breast imaging. The conference brought together radiologists, oncologists, surgeons, technologists, and trainees to share expertise, discuss emerging innovations, and enhance practical skills through expert-led sessions and a hands-on workshop.

The conference focused on the following goals & objectives:

- Deliver expert-led presentations and workshops to update participants on current trends and best practices in breast imaging.
- Enhance skills through lectures and case-based discussions.
- Promote multidisciplinary collaboration, networking, and adaptation of innovative imaging technologies.

Scientific Focus and Themes

The meeting was held under the theme “**Highlighting Current Practice and a New Era in Breast Cancer Screening.**” It brought together radiologists, breast imaging specialists, surgeons, oncologists, pathologists, sonographers and other healthcare professionals to discuss innovations and best practices in breast imaging.

While the majority of speakers were from the UAE and the broader Middle East region, the program also featured **three distinguished keynote speakers from outside the UAE**

Dr. Noha Khoumais

Saudi Arabia

shared insights on breast cancer screening practices and clinical challenges in her region.

Dr. Laila Abu Tahoun

Jordan

shared insights on breast cancer screening practices and clinical challenges in her region.

Dr. Norran Hussain

Egypt

presented on Egyptian Breast Cancer Screening, highlighting screening protocols, population outreach and early diagnosis impact.

These international perspectives enriched discussions on how screening guidelines and imaging technologies are being adopted and adapted across different health systems.

Interactive case discussions allowed clinicians to present challenging real-world imaging cases and discuss diagnostic decisions with peers and panel experts.

The panel discussion brought together both local and international faculty to debate current controversies in breast imaging – such as optimizing screening protocols, balancing sensitivity and specificity in dense breast populations, and practical considerations in integrating AI into daily practice. These exchanges aimed to combine evidence with clinical experience to identify best approaches and future research directions.

AGENDA

HALL A

SATURDAY | 25 OCTOBER 2025

08:00 - 09:00 Registration

09:00 - 10:15  Session 1: The Screening Experience

Moderated by: Dr. Nehad Kazim Al Bastaki, Dr. Safa Khalil and Dr. Asiya Maheen Khan

09:00 - 09:15 Saudi Arabia Breast Cancer Screening Highlights

Dr. Nuha Khoumais

09:15 - 09:30 Egyptian Breast Cancer Screening Highlights

Dr. Norran Hussain

09:30 - 09:45 Jordanian Breast Cancer Screening Highlights

Dr. Laila Abu Tahoun

09:45 - 10:00 UAE Breast Cancer Screening Highlights

Dr. Asma Khammas

10:00 - 10:15 Q&A and Panel Discussion

10:15 - 10:25 From Shadows to Structure -
Wide Angle Tomosynthesis Enhances
Diagnostic Confidence

Dr. Marwa Shaaban

Moderated by: Dr. Alia Al Sayegh

10:25 - 10:40 Opening Ceremony

Dr. Nehad Albastaki

Dr. Taleb Mohamed Almansoori

10:40 - 11:00  Coffee Break

11:00 - 12:30  Session 2: Challenges and a New Era in Early Detection

Moderated by : Dr. Alexandra Economacos, Dr. Erum Nawaz and Dr. Nevine Anandan

11:00 - 11:20 Dense Breasts: Current Guidelines and Imaging Strategies

Dr. Nuha Khoumais

11:20 - 11:40 Screening in High Risk Populations: A Radiologist's Protocol

Dr. Laila Abu Tahoun

11:40 - 12:00 AI Powered Breast Cancer Screening: Tool or Threat?

Dr. Safa Khalil

12:00 - 12:20 Personalised Breast Cancer Screening: Why and How?

Dr. Dana Haddad

12:20 - 12:30 Q&A and Panel Discussion

12:30 - 12:40 Advancing Breast Cancer Detection:
Innovations in Breast Ultrasound with
Automated Breast Ultrasound (ABUS)

Ms. Raya Halet

Moderated by: Dr. Alia Al Sayegh

12:40 - 14:00  Lunch Break

17:30 Closing Ceremony

HANDS-ON INTERVENTIONS WORKSHOP

A significant practical component of the program was the Hands-On Interventions Workshop, designed to enhance procedural competence in advanced breast biopsy and intervention techniques:

Ultrasound-guided VAB

Ultrasound-guided Core Biopsy, Markers and Localization Wires

Stereotactic Biopsy

MRI-guided Biopsy

Due to the high demand, the Hands-On Interventions Workshop was repeated following its first scheduled slot. Each session was attended by more than **40 participants**, reflecting strong interest and engagement in advanced breast interventional techniques.

For the Breast Imaging 1st Annual Meeting, **30 abstracts** were submitted for review. After evaluation by the Committee, **10 abstracts** were selected for **e-poster presentation**

Following the abstract competition at the conference, the jury finalized the winners:

CONFERENCE EVALUATION

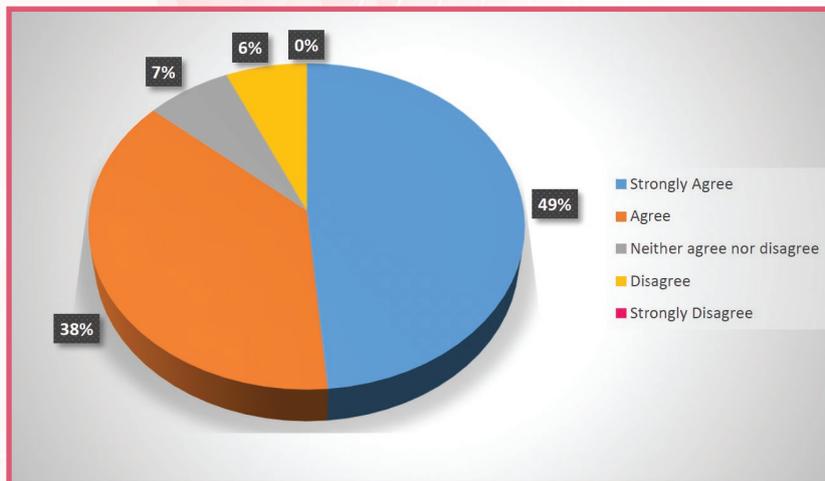

1. General Event Feedback: Please select the option that applies best to you:

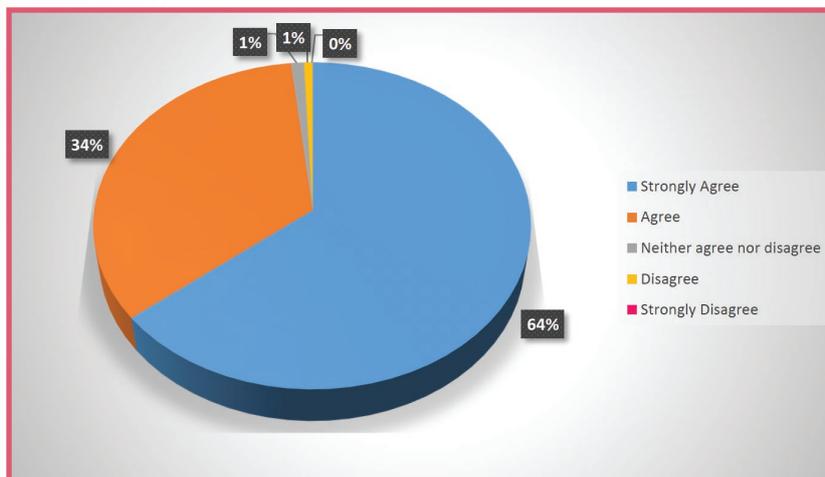

2. General Event Feedback: The event was well-organized :

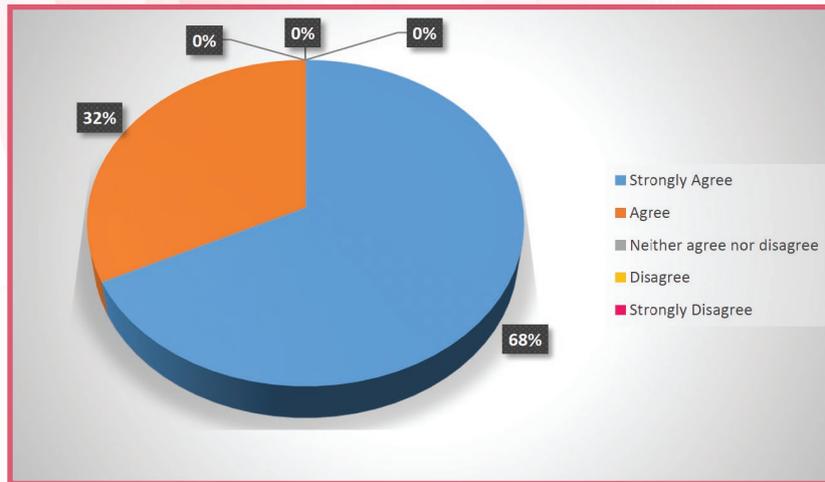

3. General Event Feedback: I was satisfied with the venue location :

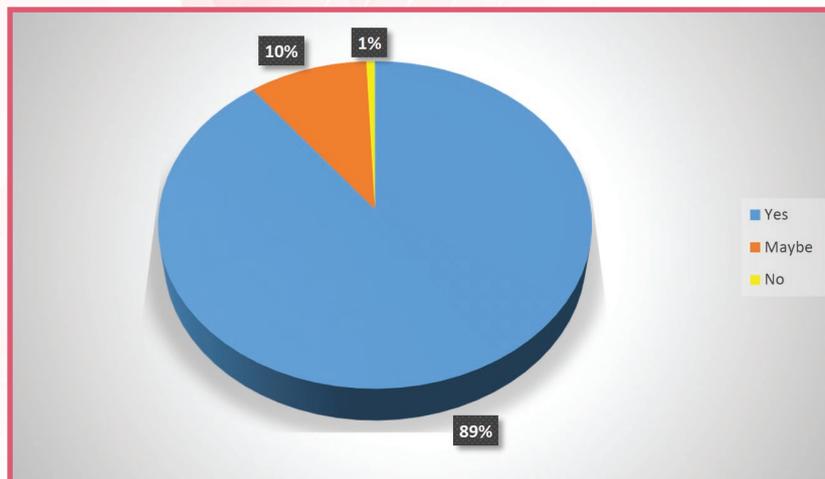

4. General Event Feedback: The event was enjoyable :

5. General Event Feedback: I was satisfied with the quality of the speakers:

6. General Event Feedback: Our 'Breast Imaging 2nd Annual Meeting' is scheduled for 30 & 31 October 2026. Do you plan on attending the same?

7. General Event Feedback: What would you like us to do differently at 'Breast Imaging 2nd Annual Meeting' in 2026?

- Everything was great!
- The event was well organized with educationally relevant talks.
- It was well planned.
- Good experience.
- I thoroughly enjoyed the meeting.
- Great success of the meeting 2025, I would like to see the meeting 2026 in a larger venue.
- I really appreciated the body of the breast imaging society of UAE for this valuable conference.
- Amazing start with huge efforts and super positive vibes.
- Thank you so much for the well-organized and professional meeting.
- More scientific lectures and workshops for radiology technicians.
- More breast MRI cases and discussion.
- Needed more case presentation sessions and more workshops sessions.
- Practical Approach to daily imaging problems.
- I would also like to see more talks with variety of topics.
- Workshops for interpretation of CE-mammo and interpretation of 3D mammography.

SOCIAL PROGRAM FACULTY DINNER

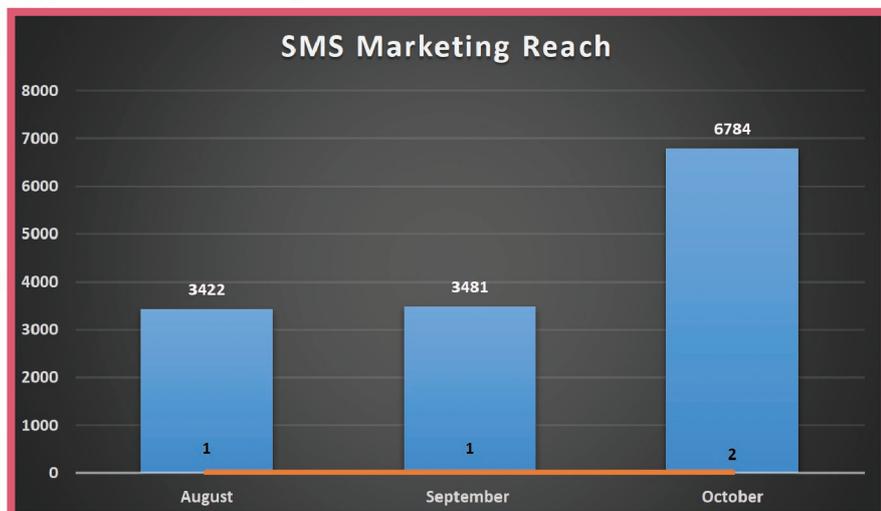

The Faculty Dinner took place on 25 October 2025 at Abd El Wahab, Souk Al Bahar, providing an excellent opportunity for faculty and committee members to connect in an informal and welcoming setting. The well-attended gathering allowed the faculty & committee to engage in meaningful conversations, exchange insights, and share experiences, all set against the scenic backdrop of the Burj Khalifa and the iconic water fountain show. This unique ambiance added a memorable touch to the evening and further strengthened professional relationships. The thoughtfully curated meal, warm hospitality, and relaxed atmosphere fostered a strong sense of community and collaboration making the dinner both enjoyable and impactful for all attendees.

Breast Imaging 1st Annual Meeting 2025

Event Status: Active	Event ID: 610204	Event Date: October 25, 2025
Event Date: October 25, 2025	Event Type: Conference	Contact Person: Albert Pagas
Organizer: M3Plus Events	Venue: Pullman Dubai Downtown, Dubai, UAE	

About Event

With the Theme "Highlighting Current Practice and a New Era in Breast Cancer Screening", the conference provides a venue for sharing knowledge, fostering innovation and promoting collaboration in breast health.

This educational and scientific assembly serves as a leading event in breast imaging, uniting specialists, innovators and practitioners from the area to explore contemporary practice challenges, future pathways and new technologies in the early detection of breast cancer.

Learning Objectives:

- Review current breast cancer screening protocols & practices
- Explore new imaging technologies and trends
- Discuss innovation and risk based screening approaches
- Share local and regional screening experiences
- Highlight future directions in breast cancer screening

About Conference Inc

Conference Inc is a trusted platform for international academic conferences, connecting researchers, scholars, and students with opportunities in higher education, research publication, and Scopus indexed journals. We feature events that promote online learning, distance education, and professional certifications across diverse fields including STEM, medical research, engineering, and management studies.

Our mission is to help participants discover the best academic conferences worldwide, gain access to peer-reviewed journals, and enhance their careers through global networking opportunities. Whether you are a PhD student looking for publication support, a researcher interested in indexed journals, or a professional seeking certification programs, Conference Inc is your best source to success.

BREAST IMAGING 1ST ANNUAL MEETING 2025
 On behalf of myself and the program planning committee, it is with great pride and enthusiasm that we welcome you to the Breast Imaging 1st Annual Meeting 2025, here in the vibrant and awe-inspiring city of Dubai.

This important event offers a unique opportunity for our shared mission to advance breast imaging and elevate breast health care across the region and beyond. With the theme "Highlighting Current Practice and a New Era in Breast Cancer Screening," this meeting showcases our collective commitment to learn, reflect on established best practices and embrace the transformative innovations shaping the future of early breast cancer detection.

We are honored to present this distinguished keynote speaker:
 - Dr. Nuha Khudhairi from Saudi Arabia
 - Dr. Laila Abu Talhouh from Jordan
 - Dr. Norman Hussein from Egypt

Each of our attendees will receive a breast cancer screening kit in their respective regions. Additionally, we look forward to a series of engaging talks and panel discussions in the afternoon, innovation and future direction for our esteemed local experts.
