Conference Overview

The 10th Official Annual Meeting of the Radiology Society of the Emirates (RSE), where the RSE met The Royal College of Radiologists (RCR) took place from 17-19 April 2026 in Raffles Dubai - Wafi, Dubai, United Arab Emirates. This conference successfully strengthened and celebrated a decade of radiological excellence, education and collaboration.

As this year's theme: **"AI in Radiology: Towards Platforms & Practice"**, the conference delivered a shared commitment to embracing technological advancements featuring keynote lectures, case-based discussions, panel sessions and a pre-conference workshop. These sessions addressed the most pressing topics and technological advancements integrating artificial intelligence into everyday radiological workflows — not as a distant vision, but as a present-day reality.

Throughout this conference, healthcare leaders engaged in thought-provoking discussions, exchanged evidence-based practices and shared the latest innovations, clinical insights and best practices that shape the future of diagnostic imaging and interventional radiology.

Dr. Taleb Almansoori, President of the Radiology Society of the Emirates, welcomed all the attendees and emphasized the importance of knowledge-sharing about the spirit of collaboration that defines the principles and key components of bringing together faculty leaders in the field of radiology, who have joined in person and in a hybrid format due to regional conditions, to share cutting-edge research and their expertise.

Dr. Stephen Harden, President of The Royal College of Radiologists, delivered an inspiring video speech and thanked the host societies for organizing a top-notch conference that would benefit healthcare professionals practicing in the Emirates.

They have expressed their sincere gratitude to all the participants, sponsors, exhibitors, supporting organizations and committee members who made this conference a successful gathering.

Organizing Societies

About RSE

The Radiology Society of the Emirates (RSE) has been an integral part of the healthcare landscape since its inception alongside the establishment of the Emirates Medical Association (EMA). Originally known as the Emirates Radiology Society, it underwent a transformative shift in 2014, rebranding itself as the Radiology Society of the Emirates (RSE) to carve out a distinct identity within the medical community. Since its inception, the RSE has been steadfast in its commitment to understanding and meeting the evolving needs of the radiological community in the Emirates.

The society's annual meetings serve as a testament to this dedication, as it consistently strives to address the pressing issues facing the field. Over the years, the RSE has forged meaningful collaborations with renowned international bodies, including the European Society of Radiology (ESR), RSNA, ACR, KSR, RSSA, and the Egyptian Society of Radiology.

About EMA

Emirates Medical Association (EMA) was established as a non-profit organization in 1981, composed of health practitioners that are members of the EMA as defined by its bylaws.

EMA is responsible for supervising and conducting scientific training, events and conferences as well as collaborating with health organizations. EMA launched its work through its competent supervisory, executive and specialist boards and committees. EMA is a scientific organization which has legal personality and its headquarters in Dubai, with one branch in Abu Dhabi.

About RCR

The Royal College of Radiologists (RCR) is a charity that works with our members to improve the standard of medical practice across the fields of radiology and oncology. With faculties in two disciplines, the RCR and our members benefit from a fuller understanding of medical practice, across the spectrum of diagnosis and treatment.

They collaborate impartially with members and external parties from across the medical industry, refining the latest research and guidelines into relevant applications for radiologists and oncologists. This work can be carried out efficiently because resources and processes are shared across our two faculties.

Conference Venue & Accommodation

The 10th RSE Official Annual Meeting was held in Raffles Dubai - Wafi, Dubai, United Arab Emirates. Set amid tropical gardens, this pyramid-shaped luxury hotel is a stunning landmark in Dubai's skyline. The hotel is just minutes away from Dubai's main tourist attractions and busier districts.

Raffles Dubai is the epitome of residential elegance and warm Arabia hospitality. An iconic landmark of sheer opulence, it features palatial suites and rooms distinguished by sophisticated Asian, Middle Eastern and Egyptian decor.

Conference Opening Ceremony

The 10th Official Annual Meeting of the Radiology Society of the Emirates, commenced with a recitation from the Holy Quran, providing a moment of reflection and setting a respectful tone for the event followed by the UAE National Anthem and a short introductory video about the RSE.

Dr. Taleb Almansoori, President of the Radiology Society of the Emirates, delivered a welcoming remarks and emphasized the importance of knowledge-sharing and the spirit of collaboration that defines the radiology community.

After Dr. Taleb's address, Dr. Stephen Harden, President of The Royal College of Radiologists, who was virtually present, imparted an inspiring speech and expressed his gratitude to the host societies for organizing a world-class conference that would benefit practicing healthcare professionals in the Emirates.

This was followed by the ceremonial ribbon cutting by the committee members and the traditional Ayala dance. This marked the official inauguration of the exhibition where delegates mingled and sponsors showcased their latest technologies and innovations.

Supporters & Partners

The conference was honored to have the **Federal Authority for Nuclear Regulation (FANR)** as a Strategic Regulatory Partner and **Dubai Business Events** as the Destination Partner.

**Strategic Regulatory
Partner**

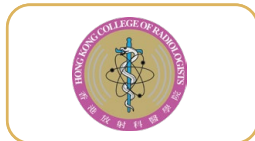

**Destination
Partner**

The conference was also endorsed by the following societies:

Endorsed by

Industry Partners

The resounding success of the milestone 10th edition of the Radiology Society of the Emirates (RSE) Official Annual Meeting stands as a testament to the power of collaboration, dedication, and unwavering support. Confronted with a complex geopolitical landscape in the lead-up to and during the conference, our industry partners chose to stand firmly alongside RSE. Their steadfast commitment was not just financial or logistical; it was a vital pillar that ensured the seamless execution and high scientific standard of this landmark event.

We extend our deepest gratitude to each of our partners for their exceptional contributions.

Exhibitors

Industry Partners

Beyond their exhibition presence, the cutting-edge symposia and practical workshops driven by these industry leaders provided our delegates with unparalleled learning opportunities and insights into the future of radiology.

The conference was reviewed by Eucomed and Mecomed and was assessed as compliant to the EthicalMedTech Conference Vetting System (CVS).

In Compliance with

Our media partners also played an important role in promoting our event and their invaluable contribution to the success of the conference is greatly appreciated.

Dr. Farah Shamout

Assistant Professor of Computer Engineering
New York University
Abu Dhabi, UAE

Dr. Ahmed Sherif

Section Chief of Cardiothoracic Imaging
Consultant
Imaging Department
Cleveland Clinic
Abu Dhabi, UAE

Dr. Sowmya Veerasuri

Consultant Radiologist
Imaging Institute
Cleveland Clinic Abu Dhabi
Abu Dhabi, UAE

Speakers

Prof. Mohammad Yaqub

Associate Professor
Computer Vision Department
Mohamed bin Zayed University
of Artificial Intelligence
Abu Dhabi, UAE

Dr. Dheeraj Giri

MBBS, FRCR (UK), CCT (UK)
Level 3 SCMR (USA) | Level 3 SCCT (USA)
Director of Medical Imaging
Consultant Cardiothoracic Radiologist &
Clinical Informatics Lead
American Hospital Dubai
Dubai, UAE

Accreditation

The 10th RSE Official Annual Meeting was accredited with 19 CPD Credit Points from the Dubai Health Authority (DHA).

Conference Goals and Objectives

The 10th RSE Official Annual Meeting offered an educational and valuable platform for radiologists and other healthcare experts, both local and international, to share knowledge, connect and advance their clinical expertise.

The conference aimed to:

- Hear from clinical experts sharing best practice.
- Gain insights to improve and expand clinical skills.
- Build professional relations with colleagues from around the world.
- Bring together leading senior doctors and other health professionals specializing in radiology and oncology, to share their best practices and discuss the latest technological developments in their fields.
- Conduct educational workshops that led by clinical experts and industry leaders to demonstrate the latest research and development in radiology.

Scientific Program

The conference featured a three-day, dynamic scientific program from April 17 to 19, 2026. The pre-conference course focused on Artificial Intelligence in Radiology while the main program encompassed all aspects of the field, including MSK, head and neck, abdominal, breast, chest & cardiac and pediatric imaging and the role of AI in each area and platform.

There were interactive sessions, panel discussions, industry symposiums, workshops and abstract presentations for the young Emiratis.

Day 1- 18 April 2026		Saturday		
		Room 1		
07:30 - 08:00	Registration			
08:00 - 09:00	Session 1: Voices of Emirati in Radiology			
Moderators: Dr. Abeer Ahmed Al Helali & Dr. Asma Khammas				
08:00 - 08:20	Beyond the Traditional Lens of Accreditation Standards: Insights from Radiology Residency at SKMC	Dr. Ghufan Aref Zakareya Saeed		
08:20 - 08:40	Imaging of Pediatric Liver & Renal Transplants	Dr. Khalid Ahmad Abdullatif Almohaideb		
08:40 - 09:00	Horner Syndrome	Dr. Safaa Almazrouei		
09:00 - 09:30	Coffee Break & Opening Ceremony			
09:30 - 11:00	Session 2: Artificial Intelligence in Radiology – Towards Platforms and Practice			
Moderators: Dr. Waleed Elsharkawy & Dr. Manzoor Ahmed				
09:30 - 10:15	Keynote Lecture: Current update on AI in Radiology: Towards platforms and practice		 Prof. Fiona Gilbert	
10:15 - 10:45	Beyond the hype: AI hallucinations in radiology	 Dr. Amna Kashgari		
10:45 - 11:00	Panel Discussion - Towards Platforms and Practice Dr. Amna Kashgari, Prof. Fiona Gilbert and Dr. Amanda Isaac			
11:00 - 11:45	Industry Symposium 1 Liver Imaging: A Roadmap and The Compass		  Dr. Ahmed Al Kindi	
11:45 - 13:15	Session 3: RSE Clubs: Highlights Session (MSK Radiology)		Room 3	
Moderators: Dr. Abdulla Almaazmi & Dr. Rashid Alsharhan				
11:45 - 12:00	AI in MSK Radiology	 Dr. Michail Klontzas		
12:00 - 12:15	The evolving role of AI in musculoskeletal radiology from diagnosis to interventions	 Dr. Amanda Isaac		
12:15 - 12:30	Bones, Bytes, and Brilliance AI redefining MSK Radiology	Dr. Rola Husain		
12:30 - 12:45	"With Gleamer: AI-Driven optimization of orthopedic planning and MSK workflows "	 Dr. Amanda Isaac		
		11:45 - 12:45 Industry Workshop 1 Latest Innovations from Bayer in CT Contrast Injection Technology Mr. Haytham Mortada		
		 		

12:45 - 13:00 Multi-agent Systems in  **Dr. Michail Klontzas**

13:00 - 13:15 Approach to Bone Tumors  **Dr. Leen Alkukhun**

13:15 - 13:45 **Industry Symposium 2**

SIEMENS
Healthineers

Leading the AI in Radiology

Mr. Subin Kottayi, Mr. Kunhimohamed Poolakkal

13:45 - 14:45 Lunch Break

Room 1

14:45 - 16:25

Session 4: Paediatric Session: Everyday Pediatric Imaging: Essentials & Emerging AI

Moderators:
**Dr. Khalid Al Mohaideb &
Dr. Ajay Dsouza**

14:45 - 15:05
Artificial Intelligence
– Hopes and Challenges
in Paediatric Imaging
 **Dr. Amna Kashgari**

15:05 - 15:25
Pitfalls in Neonatal Cranial
Ultrasound
Dr. Fatmah Mohamed Al Zeyoudi

15:25 - 15:40
When It Counts Most:
Pediatric Chest and Neck
Conditions You Can't Miss
Dr. Ajay Prashanth Dsouza

Room 2

14:45 - 16:15

Session 5: Neuro & Head and Neck Session: Skull-Base Imaging

Moderators:
**Dr. Manzoor Ahmed
& Dr. Salman Qureshi**

14:45 - 15:05
"The Holey Skull-Base" - The
Foraminal World on Imaging
Dr. Ayman Elsayed

15:05 - 15:25
Skull Base Inflammation:
Can Mimic & Get Mimicked
Dr. Mohammad Asif Dogar

15:25 - 15:45
AI in Neuro-imaging: An Update
 **Dr. Tilak Das**

Room 3

14:30 - 15:30

Industry Workshop 2
Radiologists vs AI: Fractures
and Beyond

Workshop Structure:

- Overview of AI solutions, usage, and workflow.
- Quiz: 20 fracture cases, including some chest & mammography cases.
- Conclusion

**Dr. Sarim Ather
Mr. Georgio Francis**

Working Coffee During Lecture

15:30 - 16:30 Poster Abstract Competition in Exhibition Area

15:40 - 16:05
Paediatric Abdominal
Emergencies – When Time
Is Crucial
 **Dr. Joanna Kasznia Brown**

15:45 - 16:05
Skull-base Cases:
Imaging Potpourri
Dr. Sayeed Iqbal

16:05 - 16:25
Scoliosis Imaging - The
Fundamentals
Dr. Shyam Mohan

16:05 - 16:15
Panel Discussion

15:30 - 16:30 Session 6: Scientific Oral Abstracts

Moderators: **Dr. Hossameldin
Kotb & Dr. Waleed Elsharkawy**

15:30 - 15:40
Anterior Abdominal Wall
Masses: Imaging Approach
and Differential Diagnosis
Maitha Alnuaimi

15:40 - 15:50
Applications of Advanced
Materials for Magnetic
Resonance Imaging
Alexey Slobozhanyuk

Room 3

15:50 - 16:00	Trapped Within: Revealing the Signs of Internal Hernias	Donna Salam
16:00 - 16:10	Clinical Impact of Artificial Intelligence in Acute Ischemic Stroke Imaging	Ahmad Otour
16:10 - 16:20	2025 BI-RADS Revision: An Imaging-Based and Clinical Perspective	Shahd Alsalehi
16:20 - 16:30	Computed Tomography Characterization of Liver Metastases According to Primary Malignancy: A Review of the Literature	Safae Lamhamedi

16:30 - End of Day 1

Day 2 - 19 April 2026

Sunday

Room 1

07:30 - 08:00 Registration

08:00 - 09:00 Session 7: Scientific Oral Abstracts

Moderators: **Dr. Hossameldin Kotb & Dr. Waleed Elsharkawy**

08:00 - 08:10	Post-Hepatic Transplant Imaging: A Pictorial Review of Normal Appearances and Common Complications	Nida Naeem
08:10 - 08:20	Radiomics and Artificial Intelligence in Oologic Imaging: Clinical Applications and Challenges	Safae Lamhamedi
08:20 - 08:30	The ASA/AHA 2026 Guideline: Fresh from the Oven- The Neuro-imaging Spectacle	Mohamad Assker
08:30 - 08:40	Decoding Bone Tumors: A Systematic Radiological Approach for Accurate Diagnosis	Jasna Parakkal
08:40 - 08:50	Dynamic Ultrasound-Based Scoring of Ulnar Nerve Hypermobility and its Association with Ulnar Neuropathy at the Elbow	Eman Abusharbain
08:50 - 09:00	Decoding Cortical Brain Masses: A Pattern-Based MRI Framework	Bushra Kurban

09:00 - 10:30 Session 8: Artificial Intelligence in Radiology - Tackling the Challenges

Moderators: **Dr. Usama Al Bastaki & Dr. Falah Almahmoud**

09:00 - 09:20	Handling the real-life impact of artificial intelligence: the RCR's perspective	 Dr. Stephen Harden
09:20 - 09:50	Radiology reports in the era of AI	 Dr. Dinesh Chinchure
09:50 - 10:10	Implementation of AI in TB screening	Dr. Amina Aljasmi
10:10 - 10:30	Panel discussion – Tackling the Challenges Dr. Usama Al Bastaki, Dr. Stephen Harden and Dr. Amina Aljasmi	

Room 1

10:30 - 11:00

Session 9: Federal Authority for Nuclear Regulation (FANR)

FANR Regulatory Framework for AI in Radiology

Eng. Mohamed Alhammadi
Eng. Ghaya Alali

Room 3

10:00 - 11:00

Industry Workshop 3

GE Healthcare Advanced Radiology Solutions

Ms. Sewar Shuibat
Eng. Mohan Shenoy

GE HealthCare

11:00 - 11:15 Coffee Break

11:15 - 12:55

Session 10: RSE Clubs: AI in Breast Imaging - Update on Current Status

Moderators: **Dr. Nehad Kazim Albastaki & Dr. Asiya Khan**

11:15 - 11:35

AI-Enabled Mammography: From Detection to Decision – Insights from a National Breast Screening Program

Dr. Safaa Khalil

11:35 - 11:55

Evaluating AI for a National Breast Screening Trial

Prof. Fiona Gilbert

11:55 - 12:15

Benefits of AI in Breast Ultrasound

Dr. Alia Al Sayegh

12:15 - 12:35

Smarter Breast MRI: The growing role of Artificial Intelligence

Dr. Naghma Nawaz

12:35 - 12:55

Q&A/Audience interaction with Panelists

11:15 - 12:15

Industry Workshop 4

Helium - Free 3T MRI: A new paradigm in High-Field imaging with BlueSeal

Mr. Haytham Mamdouh

Verida - The third generation of Philips Spectral CT powered by AI

Mr. Alaa Barakat

ATLAS MEDICAL

12:55 - 14:00 Lunch Break

Room 1

14:00 - 15:30

Session 11: Abdominal Imaging (GI & GU)

Moderators:
Dr. Hidayath Ansari & Dr. Ahmed Al Kindi

14:00 - 14:20

How AI can reshape Body Imaging Practice

Dr. Jagalpathy Jagdish

14:20 - 14:40

A Potpourri of Interesting Abdominal Imaging Cases with Key Learning Points

Dr. Sowmya Veerasuri

14:40 - 15:00

GI and GU TB: Imaging Patterns, Mimics, and Diagnostic Pitfalls

Dr. Mohammed Babsail

Room 2

14:00 - 15:30

Session 12: Cardiac & Chest Imaging

Moderators:
Dr. Usama Al Bastaki & Dr. Manzoor Ahmed

14:00 - 14:20

Decision, Not Detection: When Does Radiology AI Move Beyond Accuracy to Change Patient Outcomes?

Dr. Dheeraj Giri

14:20 - 14:40

Acute Aortic Syndromes-Imaging, Pearls and Pitfalls

Dr. Dinesh Chinchure

14:40 - 15:00

ILD Essentials for the AI-Era Radiologist: From Pattern Recognition to Precision Diagnosis

Dr. Ahmed Sherif

Room 1

Room 2

15:00 - 15:20 Imaging of upper tract urothelial neoplasms: Pearls and Pitfalls  Dr. Aws Kamona	15:00 - 15:20 Potpourri of Interesting Chest Cases Dr. Mahmoud Elkaissi
15:20 - 15:30 Q&A / Audience Interaction with Panelists	15:20 - 15:30 Q&A / Audience Interaction with Panelists
15:30 - 16:00 Closing Ceremony & Awards Presentation	
16:00 Concluding Coffee & Networking	

Abstracts

A total of **56** abstracts were received for the 10th Official Annual Meeting of the Radiology Society of Emirates. From those, **12** were selected for ORAL presentation and the rest **44** selected for E-Poster presentations.

During the conference, after the abstract competition, the jury selected the winners:

WINNER ORAL PRESENTATION

Author

Donna Salam

Abstract Title

Trapped Within: Revealing the Signs of Internal Hernias

RUNNER UP ORAL PRESENTATION

Author

Shahd Alsalehi

Abstract Title

2025 BI-RADS Revision: An Imaging-Based and Clinical Perspective

WINNER E-POSTER COMPETITION

Author

Zainab Siddiqui

Submission Title

Imaging Patterns In Breast Cancer Patients Under 30 Years of Age: A Case Based Review

RUNNER UP E-POSTER COMPETITION

Author

Sara Zafar

Submission Title

Of Overlooked Causes of Adult Large Bowel Obstruction: A Case Series

CASE OF THE DAY WINNER

Conference Evaluation

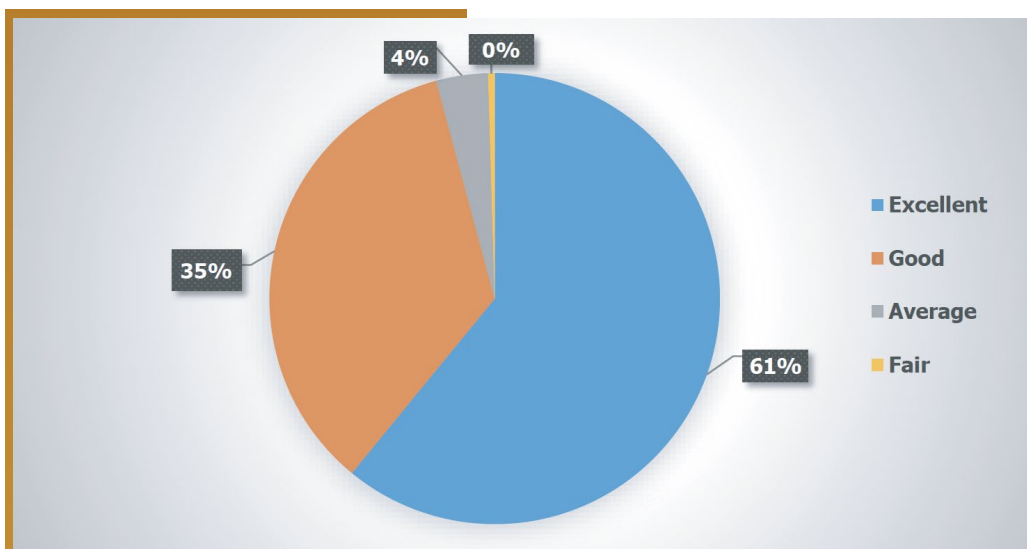

General Event Feedback: The event was well-organized:

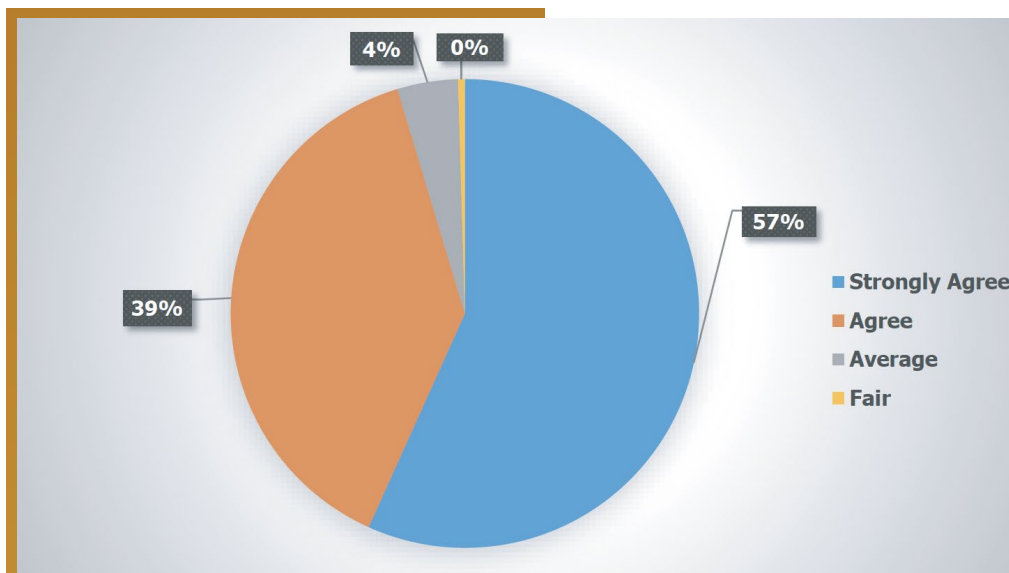

General Event Feedback: I was satisfied with the venue location:

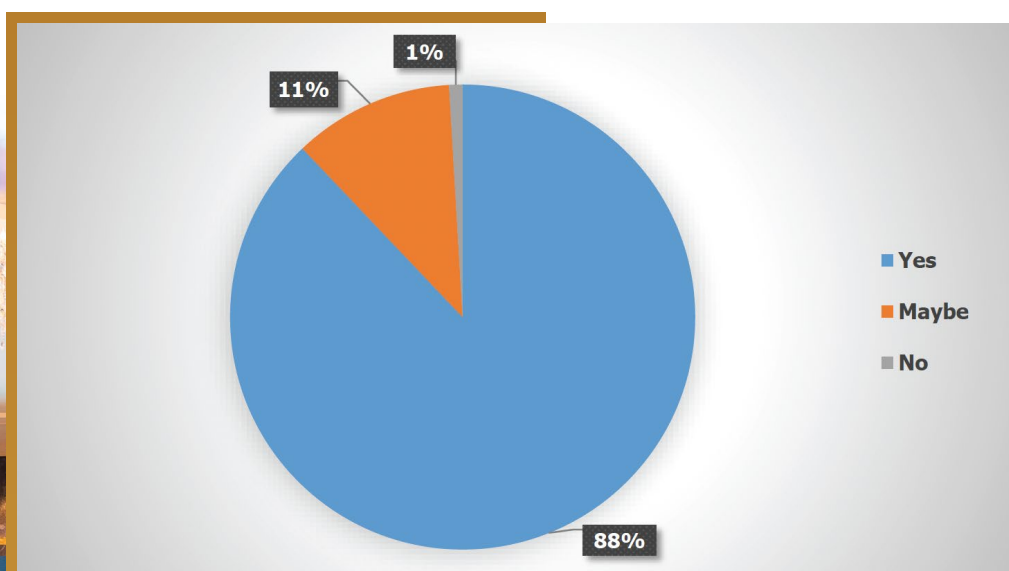

General Event Feedback: The event was enjoyable:

General Event Feedback: I was satisfied with the quality of the speakers:

General Event Feedback: Our 3rd Global Radiology Congress in Dubai & the 11th RSE Official Annual Meeting is scheduled for 14 - 16 October 2027, do you plan on attending the same?

GENERAL EVENT FEEDBACK

What would you like us to do differently at the
3rd Global Radiology Congress in Dubai &
the 11th RSE Official Annual Meeting?

PARTICIPANT COMMENTS

- ✓ Keep up the good work
- ✓ Clinical case presentations and multidisciplinary symposiums
- ✓ All perfect
- ✓ Topics on pediatric radiology
- ✓ All well organized
- ✓ More sessions and the AI innovation with the real world clinical application and diagnostic
- ✓ Keep up the good work of keeping us updated on new technologies
- ✓ Excellent speakers and variety of topics covered (cutting edge and advanced), venue and organization.
- ✓ Everything well organized meeting, keep it up!
- ✓ Great meeting!
- ✓ Neuroradiology topics
- ✓ AI related advancement n practical role in future radiology
- ✓ Including workshop modality wise and organ wise.
- ✓ Good meeting, well organized meeting. Discuss more clinically relevant topics facing the workforce in the region
- ✓ Excellent conference
- ✓ Thank for your continuous great efforts.
- ✓ Hands-on training workshops
- ✓ Interesting topics
- ✓ Very good speakers and the venue location good
- ✓ The conference was very beneficial and held to a high standard. I really enjoyed it.
- ✓ Disease detection using AI for brain tumor, Alzheimers prediction
- ✓ Film reading workshops and some fundamental imaging sessions for young radiologists and residents
- ✓ The event was very well organized. It covered all the latest development in AI. I would like to include AI in Nuclear Medicine imaging in the next program.
- ✓ Thank you for well organization of conference and update subjects
- ✓ Gyny cases
- ✓ It was totally perfect
- ✓ Implementation of successful AI and current trends practiced in UAE
- ✓ Emergency radiology and oncology
- ✓ Women's imaging and musculoskeletal imaging especially the ultrasound
- ✓ Keep up with the new AI applications in various radiological modalities
- ✓ Thanks to RSE Organizers & Speakers, well done!
- ✓ The 10th RSE annual meeting was well-organised and the location was good
- ✓ Great effort inspite of all travel restrictions speakers did a good job online.
- ✓ Breast Radiology
- ✓ I enjoyed every single thing
- ✓ Include workshop modality wise and organ wise.
- ✓ Everything was good
- ✓ Well done. Well organized.

Social Program during the Conference

Faculty Dinner Saturday, 18 April 2026

As a gesture of appreciation for the faculty's contributions and a meaningful conclusion to the day's activities, a dinner was organized to their honor at the Shanasheel Restaurant located in Jumeirah, Dubai, United Arab Emirates.

The dinner provided an elegant yet informal setting for the faculty members to network, foster camaraderie and engage in further discussion in a culturally enriching environment.

UAE Radiology Conference highlights AI advances in diagnostics and patient care across 16 nations

Innovation Spotlight April 22, 2026 by: CN1699 Media

Monday, April 20, 2026 | 8:00 PM

DUBAI, 20th April, 2026 (WAM) — The Radiology Society of the Emirates of the Emirates Medical Association organised its 10th Official Annual Society Meeting from 17th to 19th April, in collaboration with The Royal College of Radiologists (UK), under the theme: "Artificial Intelligence in Radiology: Towards Platforms and Practice."

The conference brought together more than 500 physicians and specialists from 16 countries and was organised by InfoPlus Events LLC.

Dr. Taleb Mohammed Al Mansoori, President of the Radiology Society of the Emirates of the Emirates Medical Association and Conference Chair, stated that the conference, now celebrating its tenth consecutive edition, represents a pivotal platform for advancing the field of radiology in the UAE and the Arab world.

He emphasised its role in fostering global exchange of knowledge and ideas, thereby enhancing physicians' competencies and improving patient care.

Dr. Al Mansoori added that the first day was dedicated to a specialised workshop on artificial intelligence, while the second and third days focused on artificial intelligence systems and applications and their comparison with conventional diagnostic imaging across modalities, including X-ray, CT scans and MRI.

These advancements provide deeper diagnostic insights, support clinical decision-making, enhance hospital operational efficiency and elevate the quality and reliability of healthcare services delivered to patients.

The Conference Chair further noted that the conference featured 61 speakers, 43 scientific lectures, 16 scientific sessions and 4 specialised workshops. In addition, 30 scientific posters were accepted, and a total of 24 supporting entities from within the UAE and abroad participated.

Dr. Al Mansoori highlighted that artificial intelligence systems significantly streamline and optimise workflows within radiology departments by prioritising cases based on severity, ensuring rapid response to critical cases.

Artificial intelligence also automates routine image processing tasks, reducing the administrative and technical burden on physicians, and facilitates seamless communication and collaboration between radiologists and treating physicians, thereby accelerating clinical decision-making.

He also affirmed that artificial intelligence will not replace the human element, contrary to early expectations following its emergence. However, physicians must equip themselves with artificial intelligence tools to enhance their efficiency and capabilities—an evolution that has already encouraged many aspiring medical students to pursue radiology as a specialty.

Dr. Usama Mohammad Al Bastaki, Consultant and Head of all Radiology Departments at Dubai Health, revealed several projects planned for launch this year in collaboration between radiology departments and academic institutions across the UAE.

These include initiatives to connect computer science and artificial intelligence specialists with institutions such as Mohamed bin Zayed University of Artificial Intelligence and Khalifa University.

Dr. Al Bastaki noted that artificial intelligence is currently being utilised in breast cancer screening under the national early detection programme, as well as in detecting strokes.

Another artificial intelligence-driven chest imaging project is being developed in collaboration with a pharmaceutical company and Mohamed bin Zayed University, aimed at reducing the time required to read imaging results.

This comes in response to the growing use of medical imaging technologies such as X-ray, CT scans and MRI.

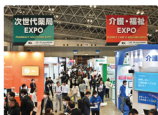

He underscored the pivotal role of artificial intelligence in improving diagnostic accuracy and speed, reducing

He underscored the pivotal role of artificial intelligence in improving diagnostic accuracy and speed, reducing the burden on radiologists and directing attention to urgent cases, ultimately enhancing the quality of patient

Event Details

#RadioConfUAE 2026 | AI in Radiology: Towards Platforms & Practice

Venue: Raffles Dubai, Wafi - UAE

Dates

Pre-Conference (AI Course): 17 April 2026
Conference & Exhibition: 18-19 April 2026

Description:

Join the 10th Radiology Society of the Emirates Annual Meeting - #RadioConfUAE 2026, bringing together global experts to explore the latest advancements in radiology. With a strong focus on Artificial Intelligence, the conference bridges innovation with real-world clinical practice through case-based discussions, expert insights, and interactive sessions in the heart of Dubai.

Target Audience

Radiologists, Radiology Residents, Radiographers, Medical Imaging Professionals, AI & Healthcare Technology Specialists, Clinicians, Researchers, and Healthcare Industry Professionals.

Key Highlights

- AI-focused scientific program
- Collaboration with the Royal College of Radiologists (RCR)
- Pre-Conference AI Course
- Case-based and interactive sessions
- International and regional expert faculty
- Industry exhibition showcasing latest innovations
- Networking with global radiology leaders
